6 Rhythm

Tap and count this pattern. Play in rhythm on any key.

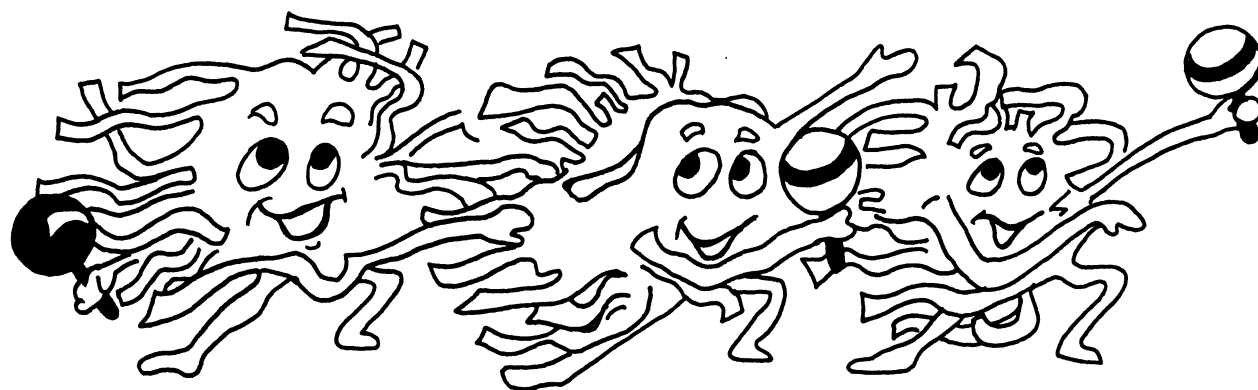

Transfer that pattern to this song, making note values match. Remember the stem rules!

Oh dear, what can the mat-ter be? Dear, dear, what can the mat-ter be?

Oh dear, what can the mat-ter be? John-ny's so long at the fair.

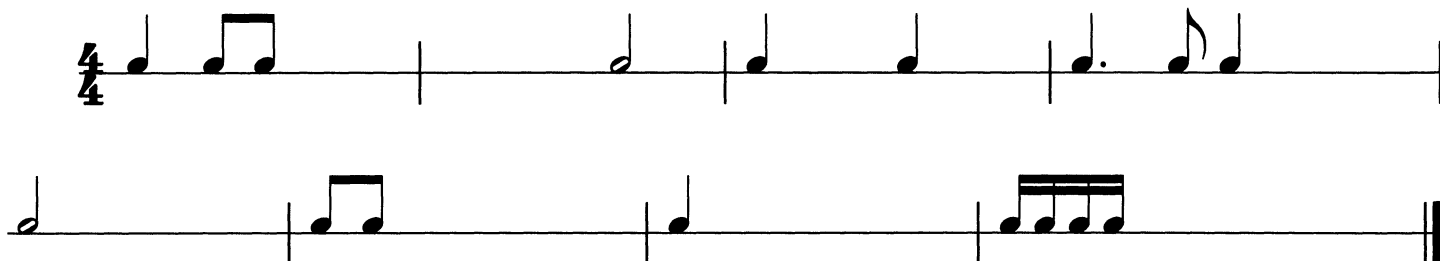

Read the words aloud as you tap your right foot in a steady 1 2 3 4 5 6 pulse. Notice that you feel *two accents* in each measure. Can you play the song?

1. Tap this pattern, *rh* on right leg, *lh* on left leg. Count.
2. Play this pattern, **your choice** of keys.

Compose!

- Complete each measure by adding notes. Use a variety, including eighth notes and triplets.

- Compose an eight-measure melody. You do *not* have to use the rhythm pattern above but you must use **at least two sets of triplets**. Use **any key except C**. Add a *th* part. Name the piece. Indicate **tempo** and **dynamics**. Write words if you wish.
