UNIT 1

Quarters and Eighths

The rhythm studies throughout this book can be played in three different ways:

1. Play all eight measures on one note;
2. Select one measure and repeat it on each note of a scale;
3. Play all eight measures, each one on a different note of a scale.

All adjoining studies (1 & 2) in each unit may be played together. They should first be practiced separately, then combined. The band may be divided into two sections with each section playing a different part. They may also be used with smaller groups or as duets for two single instruments.

UNIT 4

Cut Time — Alla Breve
