

Intervals of 2nds, 3rds, 4ths and 5ths in G Position

Use after the students have completed page 10.

About the Game: The game cards in this set reinforce skills in identifying intervals of 2nds, 3rds, 4ths and 5ths on the staff in G Position. (See game play directions included in game box.) It is designed for 2–6 players but may be adapted for individual or team use. For an individual player, use the playing cards as flash cards. Divide a large group into teams with two players on each team. Use regular game play directions with one player on a team naming the notes and interval and the other team member playing them on the keyboard. Both players must be correct to remain in place.

Name the first note.

Does the second note move up or down?

Name the second note.

Name the interval between the two notes.

Play the notes on the keyboard.
