

Musical Snapshots

10 Original Solos for the Elementary to Late Elementary Pianist
Portraying Musical Visits Around the World

Foreword

We often bring a souvenir home with us when we visit a different place. Visits to other countries can be fondly remembered by a souvenir of music. Musical Snapshots will guide the elementary piano student on a musical tour of Spain, England, Australia, Mexico, Japan, and the United States.

Feel the excitement of Spanish flamenco dancing with "España," or imagine the exotic beauty of the Australian "Great Barrier Reef." The jazz scene in the United States is explored with "Firecracker Boogie" or "Farewell Blues."

I hope you will enjoy a memorable journey to various countries as you play these ten solos in Musical Snapshots.

Bon voyage!
