

# CHRISTMAS CAROL Activity Book

11 Christmas Favorites with Corresponding Musical Activity Pages  
for Elementary to Late Elementary Pianists

**Gayle Kowalchyk • E. L. Lancaster**

Students enjoy learning Christmas music. Playing familiar carols can aid them in developing and strengthening reading and performance skills. Because Christmas music provides excellent motivation, students often learn several carols throughout the season. Likewise, students enjoy completing activity pages that relate to this holiday.

This book containing 11 familiar carols was designed for second- or third-year students. Correlating with each carol is a fun-filled activity page based on Christmas themes. These pages reinforce concepts (such as note reading, rhythm patterns, musical terms and music theory) through games, puzzles, pages to color, and written exercises. They can be completed either at home or in the lesson.

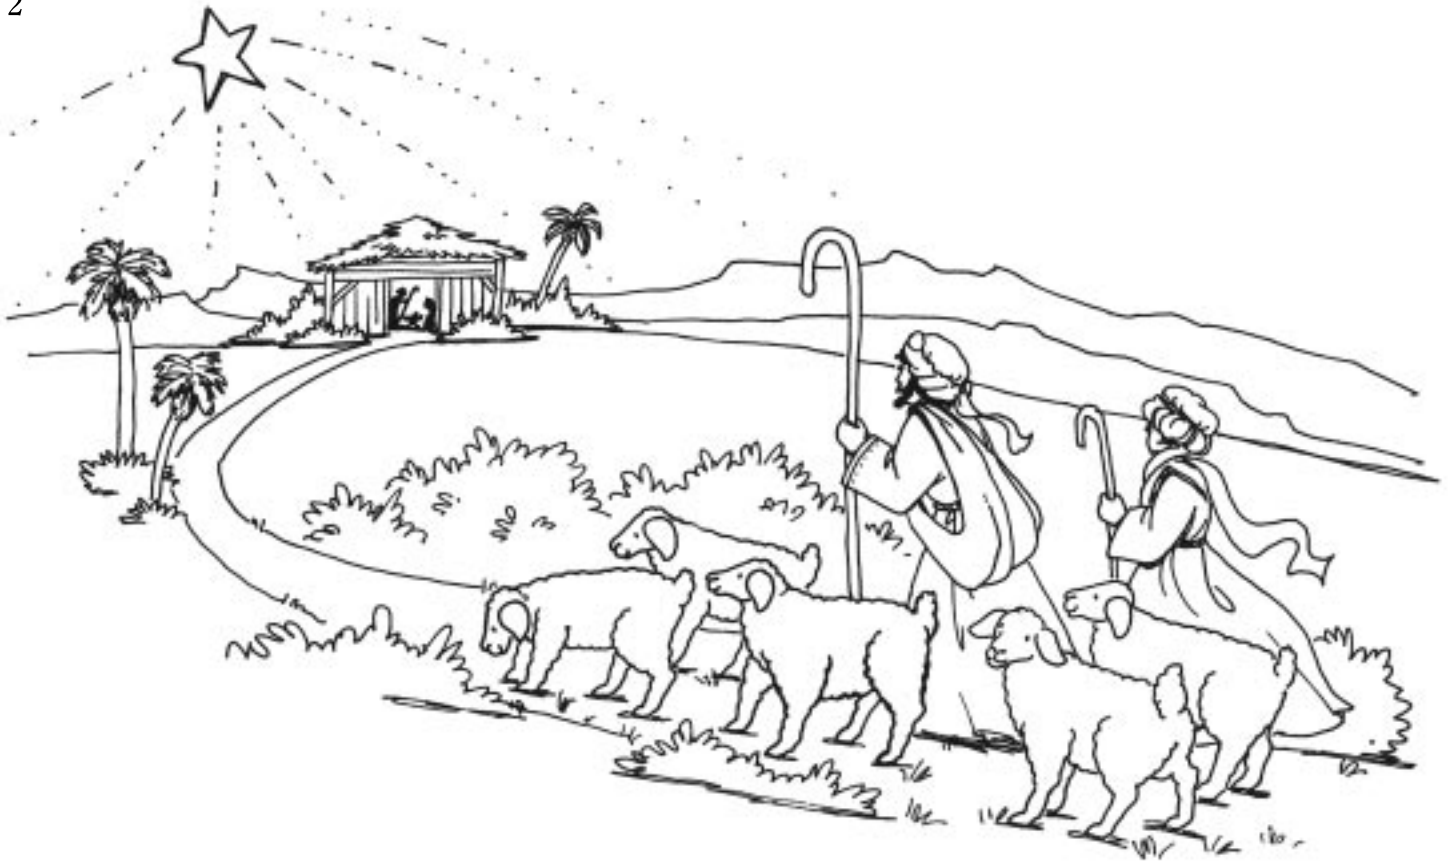

Playing these carols and completing these pages should make each piano student's holiday season merry and bright. Merry Christmas!
