# Fun with Music Friends

## at the Piano Lesson

### Note to Parents and Teachers

The coloring pages in *Fun with Music Friends at the Piano Lesson* are designed to interest young students in music. While musical concepts are not introduced in a systematic way, they are suggested in the pictures and the sentences that appear on the pages. This book promotes the idea that learning music can be fun. As you share the pages of this book with your child, encourage conversation about what is happening on each page and make up stories based on the pictures.

This coloring book is a part of the *Music for Little Mozarts* series that was written to provide appropriate piano instruction for four-, five- and six-year-olds. The pictures in *Fun with Music Friends at the Piano Lesson* reinforce the story contained in the Music Lesson Book 2 of the series. Students who are studying piano using *Music for Little Mozarts* will enjoy coloring these pages. The coloring book also will give younger brothers and sisters a way to participate in the fun. For students who are not in formal music instruction, the pages in this book should arouse their interest in pursuing lessons. The authors of the *Music for Little Mozarts* series hope that this coloring book will be a catalyst to a lifetime of studying, performing and listening to music.
