

SACRED PERFORMER

A Month of Sundays

Easter and Lent

Arranged by **Jan Sanborn**

Preludes, Offertories and Postludes for Four Services

A Month of Sundays—Easter and Lent is designed to provide a wide variety of material for this important time of the year. I have chosen these particular hymns not only for their beautiful melodies, but for the powerful messages they convey.

The melodic lines in these arrangements are of primary importance. Be sure to always bring out the melody (even if it appears in an inner or lower voice). You may even want to sing the line as you practice, shaping it as you would shape a sentence.

In these arrangements, I have chosen not to be too specific regarding pedal use (as this is a subjective topic), although I consider its planning to be quite important. The same applies to fingering. Numerous directions regarding dynamic range have been provided to enhance your performance.

The hymns found in this collection have wonderful, rich histories, and I found great delight in working with them. Hopefully, you will experience these pieces in a fresh and meaningful way.
