PROGRAM NOTES

O HOLY NIGHT is one of the most beloved melodies written for the holiday season. The charm comes from the rolling rhythms coupled with small pitch intervals (until the final climax), and the harmonic interchange between the major and minor modes. Intended as a change-of-pace in a program of spirited holiday songs, it provides a meaningful expression of sincerity, which is the true meaning of the season.

NOTES TO THE CONDUCTOR

While compound meters are introduced in most successful band methods during the second year, young music students have to "change gears" when performing this rhythmical challenge. To assist you and the students, a *Rhythm Review Worksheet* is included in this publication, which may be duplicated and utilized during rehearsals to reacquaint the band members with this different counting system.

The snare drum/bass drum part may be omitted if desired. A legato tonguing approach and lyrical phrasing throughout will enhance the performance of this piece. Dynamic markings may be adjusted for ensemble balance.

I wish you and your students the happiest of holiday seasons.
