## NOTES TO THE CONDUCTOR

*Drumtime*, as the title implies, is a drumset feature! Often, drummers are full of energy, and this chart will provide the opportunity to exploit that gusto to the max. The drumset part is written out in its entirety with fills, set ups, kicks and rock-style rhythms.

Solid tutti section scoring and repetitious rhythms make this piece very easy to rehearse. The wind parts are written to compliment the rhythmic drive and intensity of this composition. At the beginning, the winds play tutti patterns until measure 21, where the horns break off to a question and answer session with the saxes.

Measures 37- 44 of the drumset solo may be extended as desired. This section should be played in a style reminiscent of The Safaris' Wipe Out, the familiar rock drum solo of the 50s. At measure 45, direct the students to play the quarter notes detached but not short. At measure 53, the solo continues and the winds are added to build intensity throughout. At measure 61, there is another opportunity for the drumset player to shine before the D.S. al coda. Additional percussion instruments such as tambourine, shaker and cowbell may also be used to enhance this piece. The rhythm section parts should be clearly notated. The guitar part also has optional bell cues.

Please enjoy!
