**PROGRAM NOTES**

Rock 'n' roll for the young string orchestra! Australian Andy Firth's homeland-inspired tune "rocks out" in this setting by Bob Phillips. Under the melody, the crocodile is lurking...always there! This is a great piece to use for teaching all instruments how to move from *lo* *l* to *l*. Each section has very playable parts that are interesting and sound great!

**NOTE FROM THE EDITOR**

All Belwin string parts have been carefully bowed and fingered appropriately by level. The Yellow Very Beginning series includes many bowings as well as reminder fingerings for first-time readers. The Red Beginning series includes frequent bowings to assist younger players. Fingerings for altered pitches are often marked. The Green Intermediate series includes appropriately placed bowings for middle-level students. Fingerings and positions are marked for notes beyond first position. The Blue Concert series includes bowings appropriate for the experienced high school player. Fingerings and position markings are indicated for difficult passages.
