

# Naming the Keys

Assign with page 7  
of Alfred's Basic Chord Approach Level 1.

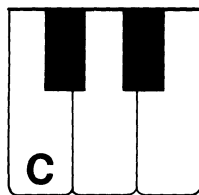

The **MUSICAL ALPHABET** has 7 letters: **A B C D E F G**

1. Write the **MUSICAL ALPHABET** in the squares on this keyboard. Begin with **A**.

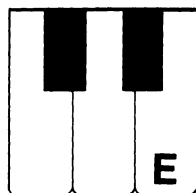

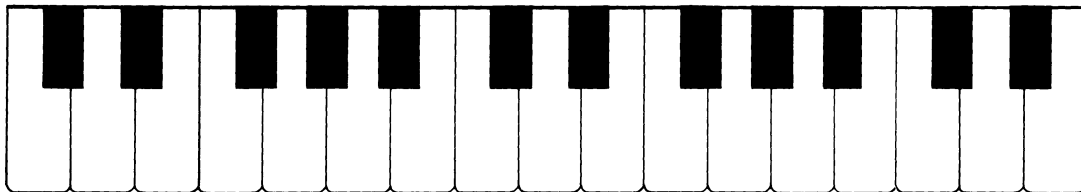

Each white key is recognized by its position in or next to a black key group.

To learn the names of the white keys, it is best to practice naming them in a random order, instead of counting up the keyboard alphabetically. When each white key can be quickly recognized by its position in relation to the black keys, you will always know exactly which key you are playing.

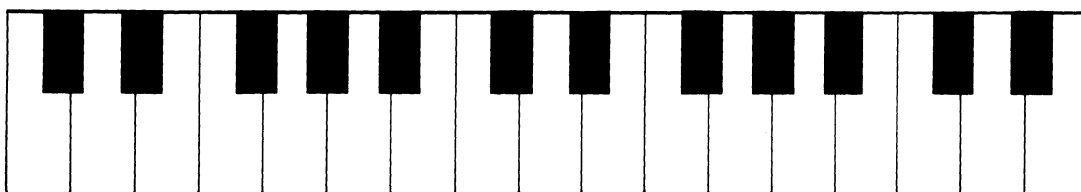

**C** is on the **LEFT**  
of any  
**2** black-key group!

2. Find all the **C**'s on this keyboard. Print a **C** on each one.

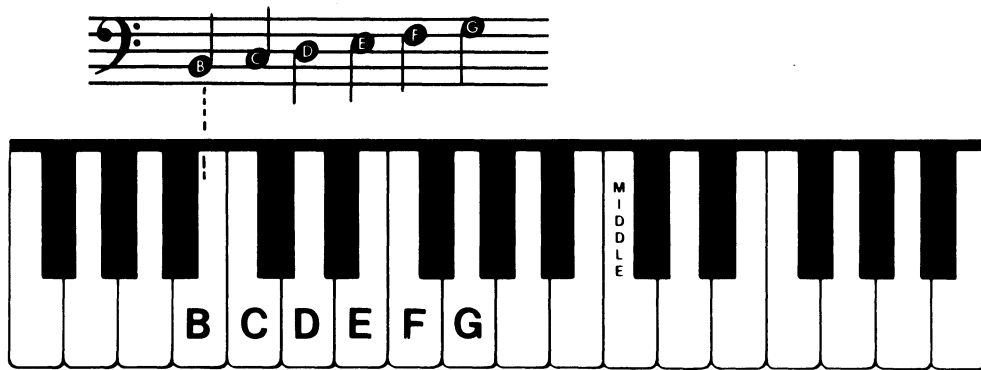

**E** is on the **RIGHT**  
of any  
**2** black-key group!

3. Find all the **E**'s on this keyboard. Print an **E** on each one.

# Introducing **B** for Left Hand
