NOTES TO THE CONDUCTOR

Written in the style of the 50's and 60's rock and roll period, this arrangement will provide great musical fun. The usually syncopated lines have been modified without losing the drive, feel or groove of the music. The clapping in the beginning is a good opportunity to involve the audience. Also a good opportunity to recruit those electric bass players into the string program! Have fun, enjoy the music and rock on!

NOTE FROM THE EDITOR

All Belwin string parts have been carefully bowed and fingered appropriately by level. The Yellow Very Beginning series includes many bowings as well as reminder fingerings for first-time readers. The Red Beginning series includes frequent bowings to assist younger players. Fingerings for altered pitches are often marked. The Green Intermediate series includes appropriately placed bowings for middle-level students. Fingerings and positions are marked for notes beyond first position. The Blue Concert series includes bowings appropriate for the experienced high school player. Fingerings and position markings are indicated for difficult passages.
