NOTES TO THE CONDUCTOR

Perfect for a Pops concert and begging for costumes and skits, this medley from the Broadway show *Seussical the Musical* will delight students and audiences. Intonation between the 1st and 2nd violins may be a challenge. The cascading arpeggio figures in the 1st violins must be soft, smooth, even and not rushed, with no crescendo. The 2nd violins should tremolo at the tip, near the fingerboard, softly under the 1st violins. Also at measure 20, the pedal figure in the 1st violins should be under and not overshadow the melody or the ensemble. In "A Day for the Cat in the Hat," keep a steady tempo and avoid the temptation to move the syncopated figures. This is a fun tune! Enjoy the music.

NOTE FROM THE EDITOR

All Belwin string parts have been carefully bowed and fingered appropriately by level. The Yellow Very Beginning series includes many bowings as well as reminder fingerings for first-time readers. The Red Beginning series includes frequent bowings to assist younger players. Fingerings for altered pitches are often marked. The Green Intermediate series includes appropriately placed bowings for middle-level students. Fingerings and positions are marked for notes beyond first position. The Blue Concert series includes bowings appropriate for the experienced high school player. Fingerings and position markings are indicated for difficult passages.
