

Fun Zone The World Cup

Follow the directions as you “play” your way down the soccer field.

1. The defender dribbles to midfield as you play I, IV and V⁷ chords in F major with your LH.

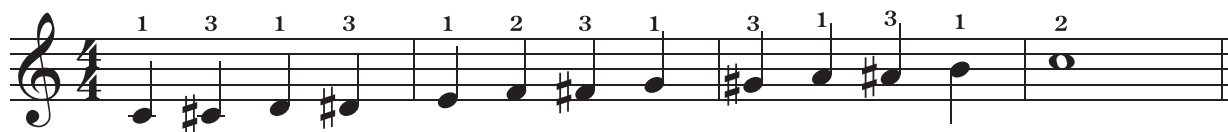

2. The midfielder gets tackled as you play a D major scale with your RH.

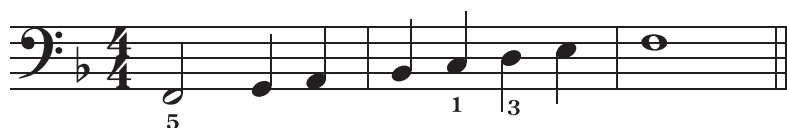

3. The opposing player receives a caution as you play a G major scale with your LH.

4. The midfielder passes to the forward as you play a chromatic scale from Middle C to Treble C with your RH.

5. The forward drop kicks for the score as you play an F major scale with your LH!

The **World Cup** is an international soccer tournament held every four years. The competition is in two parts: the qualification round (occurring over three years) and the Finals. The Finals involve 32 teams that play in the host country during the last month.

The World Cup Finals is the most widely televised sporting event in the entire world. It is estimated that one out of every nine people on Earth watch the final game.

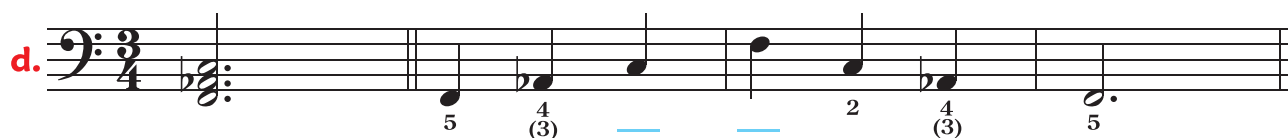

One-Octave Arpeggios

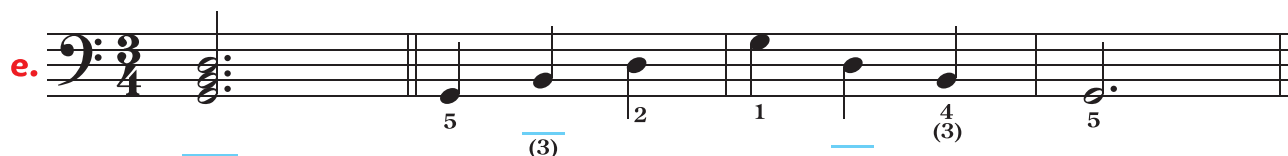

1. On the blank line below each chord, write its letter name. Then play.
2. On the blank lines above or below the staff, write the missing fingering for the one-octave arpeggios. Then play.

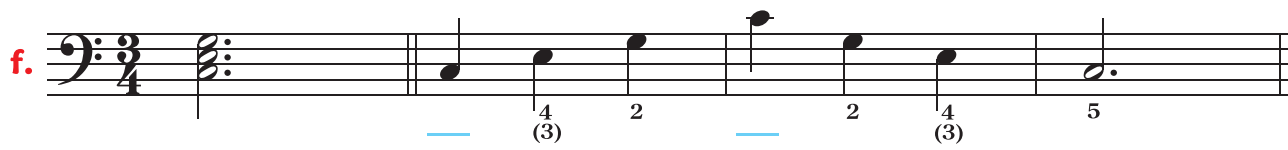

a. 

b. 

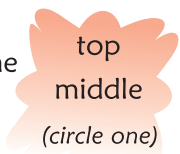

c. 

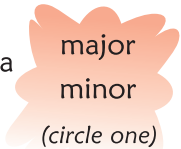

d. 

e. 

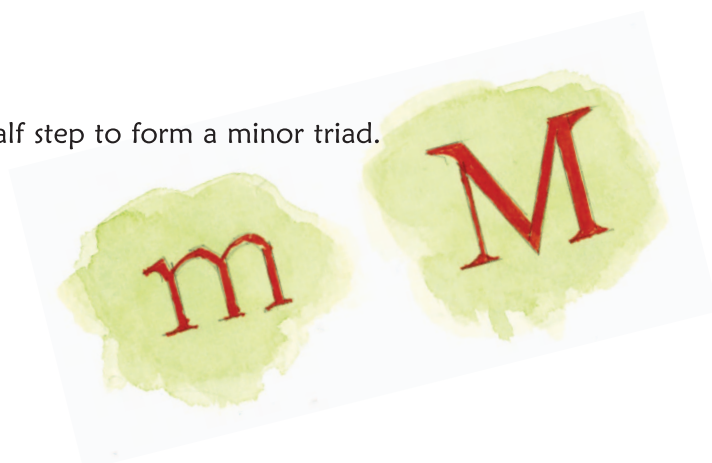

f. 

Chord Review

3. Lower the  top note of a major triad one half step to form a minor triad.

4. A lower case “m” indicates a  major triad.

(circle one)

A **text message** is a short message (fewer than 160 characters) usually sent from a cell phone. Several companies and individuals claim to have sent the first text message as early as 1989. "Texting" is the common term used for sending text messages. Text messages have become very popular, spreading from Europe and Asia throughout the world.

Fun Zone What's Wrong with the Text Message?

Something is wrong with your cell phone, and all of your text messages are mixed up! Check each musical example and decide what is wrong, then write it correctly.

What's Wrong?	Fix It!
1.  E harmonic minor scale	 E harmonic minor scale
2.  A minor: I V⁷ I	 A minor: I V⁷ I
3.  Alberti bass accompaniment	 Alberti bass accompaniment
4.  C major 1st inversion triad	 C major 1st inversion triad
5.  C major 2nd inversion triad	 C major 2nd inversion triad

The **Appalachian Trail** is 2,100 miles long and crosses 14 states, 8 national forests, 2 national parks and 15 major rivers. A part of the trail runs 69 miles through the **Great Smoky Mountains National Park**. These mountains form the boundary between Tennessee and North Carolina. The park was established in 1930 and today is the most popular national park in the United States. The thick forests on the mountains produce hydrocarbons that mix with the naturally humid air. This creates the smoky haze that hangs over the mountains, giving them their name.
