

Cold Brook March

By John O'Reilly

Cold Brook March is perfect for your band's first spring concert. The ranges are comfortable for all instruments and the second clarinets never cross the break. Fun, syncopated rhythms provide a great deal of interest throughout. Short percussion solos introduce both the first strain and the second strain, which is in the contrasting relative minor key. The break up strain pits the woodwinds against the brass with the percussion section holding it all together.
