

# THE BARITONE UKULELE

The ukulele is strummed with the right hand. You may use a pick or the fingernail of the index finger of the right hand. The strings should be struck with a downward motion in the approximate area of the 10th fret.

## How to hold the Baritone Ukulele

When playing, keep your left wrist away from the fingerboard. This will allow your fingers to be in a better position to finger the chords. Press your fingers firmly but make certain they do not touch the neighboring strings.
