NOTES TO THE CONDUCTOR

Patriotism and gratitude prevail in this moving tribute to the men and women of our armed forces. The combined concert band, string orchestra, and full orchestra accompaniment for choir performance of the Internet sensation, *Thank You, Soldiers*, is scored to provide maximum flexibility. Use the instrumentalists available and rest assured that the arrangement will work. Playable and easy to learn, even when in keys new to the string or wind player. As a special touch, project animated images from the optional VideoTrax DVD during performance. Available in three different choral voicings, again for maximum flexibility.

Choral companion products available:

SATB choir (37859)

3-part mixed choir (37860)

2-part choir (37861)

SoundTrax CD (37862)

VideoTrax DVD (37863) — Featuring a fully-orchestrated accompaniment recording plus animated projections for use in performance.

NOTE FROM THE EDITOR

All Belwin string parts have been carefully bowed and fingered appropriately by level. The Yellow Very Beginning series includes many bowings as well as reminder fingerings for first-time readers. The Red Beginning series includes frequent bowings to assist younger players. Fingerings for altered pitches are often marked. The Green Intermediate series includes appropriately placed bowings for middle-level students. Fingerings and positions are marked for notes beyond first position. The Blue Concert series includes bowings appropriate for the experienced high school player. Fingerings and position markings are indicated for difficult passages.
