ABOUT THE CD

Track 1

A compact disc is included with this book. This disc can make learning with this book easier and more enjoyable. This symbol will appear next to every example that is on the CD. Use the CD to help ensure that you are capturing the feel of the examples, interpreting the rhythms correctly, and so on. The track numbers below the symbols correspond directly to the example you want to hear. If you have an electronic keyboard with a variable pitch control, you can tune it to the tone provided in Track 1. The "A" above "Middle C" (see page 4) will be played twice for your convenience. Have fun!
