PROGRAM NOTES

Ranked by *Rolling Stone* on the top 100 songs of all time and one of the five Beatles songs all in the top five simultaneously in April of 1964, this classic rock-and-roll hit remains a real charmer. Inversely inspired by the Bobby Rydell song of the time, "Forget Him," the message in "She Loves You" is exactly the opposite. The tune is constructed without the use of a traditional bridge but rather uses a refrain to join the verses. As a result, the chordal structure changes almost every two measures.

NOTES TO THE CONDUCTOR

This arrangement is very straight-forward and, since the tune is familiar to young and old, should not present too many challenges to prepare. There is a Dal Segno and Coda which can be mapped prior to sightreading. Only a few accidentals are used and fingerings may need to be reviewed. As with most rock-and-roll pieces, the percussion section should drive the pulse but not overpower the rest of the ensemble.

Best wishes for a musical performance.
