George Washington's Biography . . . . .	77		
Georgie's Rap . . . . .	78		

## Crack the Code

J.P. Money loved listening to the orchestras from each musical time period. He used the changes in the orchestra to create the code for his safe. If you organize the equations below, you will discover his secret code and unlock the safe for your school. Please add and subtract carefully—your school NEEDS that money!

1. How many total string players are in a Baroque orchestra? \_\_\_\_\_  
(Turn the dial to the right to this number.)
2. How many total string players are in a Modern orchestra? \_\_\_\_\_  
(Turn the dial to the left to this number.)
3. How many woodwind players are in the Classical orchestra? \_\_\_\_\_  
(Turn the dial to the right to this number.)
4. How many more woodwind players were added to the Romantic orchestra?  
\_\_\_\_\_ (Turn the dial to the right to this number.)
5. How many more total instruments were in the Romantic than the Baroque orchestra?  
\_\_\_\_\_ (Turn the dial to the left to this number, and open the safe.)
