NOTE FROM THE EDITOR

All Belwin string parts have been carefully bowed and fingered appropriately by level. The Yellow Very Beginning series includes many bowings as well as reminder fingerings for first-time readers. The Red Beginning series includes frequent bowings to assist younger players. Fingerings for altered pitches are often marked. The Green Intermediate series includes appropriately placed bowings for middle-level students. Fingerings and positions are marked for notes beyond first position. The Blue Concert series includes bowings appropriate for the experienced high school player. Fingerings and position markings are indicated for difficult passages.

NOTES TO THE CONDUCTOR

Short Cuts is a set of four individual arrangements of highly recognizable, classic popular songs, each of which introduces or reinforces specific musical objectives. In addition, this collection is designed to serve as a complete or partial repertoire for any concert program.

1. "Don't Stop Believin'"

Originally released in 1981, this inspirational song from the rock group Journey has found new popularity with today's youth. This arrangement is designed to reinforce eighth note performance in the cellos and basses. It also offers the opportunity for optional solos in the 1st violin, 2nd violin, and viola.

2. "Wipe Out"

This arrangement of the classic rock hit by The Surfaris reinforces chromatics through the playing of F-F# patterns, as well as the concept of D.S. al Coda. Have the violin and viola players practice sliding their finger from lo 2 to hi 2 to prepare for this pattern.

3. "Over the Rainbow"

This classic from *The Wizard of Oz* was crowned the number one song of the twentieth century by the Recording Industry Association of America. This arrangement is designed to develop legato performance and phrasing. It also reinforces ritardando and fermata. Instruct your students to memorize the last couple of measures so they can focus their attention on the conductor.

4. "Scooby Doo, Where Are You?"

This popular cartoon theme reinforces the concept of staccato in measures 19 and 20. When teaching staccato, remind students to release the weight of the bow at the end of the note. The piece also develops performing at different dynamic levels by repeating the same two-measure phrase at forte, mezzo forte, and mezzo piano. Emphasize that creating a good sound is always most important at any dynamic level.
