Thank you for making *Sound Innovations Ensemble Development for Young Concert Band* a part of your large ensemble curriculum. With 167 exercises, including more than 100 chorales by some of today's most renowned young band composers, this book will be a valuable resource in helping you grow in your understanding and abilities as an ensemble musician.

An assortment of exercises, grouped by key, are presented in a variety of young band difficulty levels. Where possible, several exercises in the same category are provided to allow variety while accomplishing the goals of that specific type of exercise. You will notice that many exercises and chorales are clearly marked with dynamics, articulations, style and tempo for you to practice those aspects of performance. Other exercises are intentionally left for you or your teacher to determine how best to use them in reaching your performance goals.
