7 Graded Selections for Intermediate Pianists

Arranged by

Dan Coates

Teenage students love being able to play popular pieces by their favorite recording artists or from blockbuster movies and TV shows. This collection includes accessible arrangements of pop and movie hits from Doctor Who, fun., Bruno Mars and many more! The arrangements are “teacher friendly,” while remaining faithful to the sound of the original recording. In this intermediate collection, 16th-note rhythms are introduced, as well as octaves and increased left-hand arpeggiation.
