Tuba in B $\flat$ Treble Clef

PROGRAM NOTES

"She's Kinda Hot" is the latest hit song from 5 Seconds of Summer, an Australian punk/rock band also known as 5SOS. The group's claim to fame started by posting videos of the band on YouTube performing songs from other artists and touring with One Direction on the "Take Me Home Tour." It is known that the members of the band are highly proficient musicians who write their own songs and this has reinforced their success. "She's Kinda Hot" was released on July 17, 2015 as the first single from their latest album called *Sounds Good Feels Good*. The song moved to the top of the music charts internationally, and consequently the group won "Song of Summer 2015" at the MTV Video Music Awards.

NOTES TO THE CONDUCTOR

This song has somewhat of a “sixties” sound and feel to it and it is easy to teach and learn because of its repetitive nature. The four-measure introduction sets the tone for the piece, which immediately starts to pick up intensity. Note that the bass line is non-stop from the beginning until measure 40, and then from measure 45 until the end, and it differs very little in order to give the wind players—who double the bass line—an opportunity to catch a breath.

The percussion parts have been written to provide flexibility for any combination of players. Individual players may play the percussion 1 part, which has been constructed for a drumset player. The timpani player will have to play the shaker and small cowbell unless other personnel are available. If performed by the timpanist, make certain that the additional instruments are set within a short distance to facilitate the handling of the instruments.

There are optional electric bass and keyboard/piano parts included in the set. If possible, including these parts will permit a more authentic performance. The electric bass part, if used, is unique and does not merely double the tuba but instead explores a more typical electric bass line.

At measure 41, most of the winds get to rest for four measures while the trumpets, 1st clarinet, and xylophone play a little interlude building up to measure 53.

Careful attention to the dynamics and articulations will ensure that the ensemble does not exceed the dynamic levels indicated and retains the style. Have the percussion section play under the winds at all times.

As I have mentioned before, the benefits of playing pop literature are numerous; if nothing else, it may keep the students practicing. So jump on the opportunity!

Enjoy!

The musical score is for page 7 of a symphony. It features a variety of instruments including woodwinds (Flute, Oboe, Bassoon, Clarinets, Bass Clarinet), saxophones (Alto, Tenor, Baritone), brass (Horns, Trumpets, Trombones, Baritone, Tuba), and percussion (Electric Bass, Mallet Percussion, Timpani, and various Percussion instruments). The score is marked with a large red 'Preview Only' watermark. The instruments are listed on the left side of the page, and the corresponding musical staves are arranged in a grand staff format. The score includes various musical notations such as notes, rests, and dynamic markings (e.g., *mf*). The percussion section includes staves for Mallet Percussion, Timpani, and various Percussion instruments, with specific markings for T.T., Ride Cym., and Cr. Cyms.
