ISBN-13: 978-1-4706-4001-9

**NOTE: The purchase of this book carries with it the right to photocopy pages 10, 11, 15–17, 19–21, 30, 33, 35, 36, 40, 41, 45–49, 51, 53, 55–58, and 62–67. Optionally, for any games in this book, teachers are encouraged to create customized manipulatives that support their music curriculum or current unit of study. Limited to one school/organization. NOT FOR RESALE.**

# Game 2

## The Jungle Game

### Musical Concept

Contrasting phrases

### Learning Target

I can identify and move to contrasts in music.

### Resources Needed

- Floor space
- Piano or keyboard  
(to be played by teacher)

### Preparation

1. Instruct students to silently listen to the following Bird Theme, which contains high pitches.
2. After they have listened once, ask them to respond to the music by pretending to fly high around the room like a bird, while staying in their own space.

#### Bird Theme

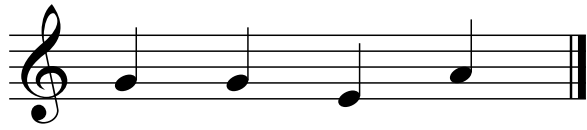

##### Allegro

3. Instruct students to silently listen to the following Snake Theme, which contains low pitches.
4. After they have listened once, ask them to respond to the music by slithering low across the floor like a snake.

#### Snake Theme

##### Moderato
