

A Few Important Practice Suggestions

1. Set a regular practice time and make every effort to practice at this time.
2. ALWAYS practice carefully. Careless practice is a waste of time. Learn to play each line exactly as written. Later there may be times when certain freedoms may be taken.
3. The instrument must always be clean and in good playing condition.
4. The development of careful and accurate playing habits is essential if you are to become a good player. Proper hand, finger, mouth or embouchure, and body position is absolutely necessary for best results. Always keep relaxed.
5. COUNT AT ALL TIMES.

Remember — Music should be fun but the better player you are the more fun you have. It takes work to become a good player.
