# Space Ship

Scientists are dr-  -ming of a hu- 

sp-  ship with its own  -tories and plant li- .

Traveling at a sp-  of  -out 21 million miles per hour,

the n-  -rest star could  -r-  -hed in 250

y-  -rs. In this str-  -m lin-  Noah's Ark

humans would travel for  -neration  -ter  -neration.

Some  -y in the  -r future, this may  -ome possible.

To-  -y we do not have engines that  -n operate for  -nturies.

We will have to  -in a lot more knowl-   -ore

this  -t is  -omplish
