# WE SLEEP IN PAIRS

---

Each night I lay beneath the Earth  
I am tired of feeling powerless  
with no edge and no reflected light  
there is something in the way of us.

Don't cry now, all the wheels will turn  
there'll be bluebirds over you and I  
with black brains, they'll come to save our lives  
as our flesh becomes electrified

We sleep in pairs, just waiting

Can you take me away?  
Can you stop with the lies?  
Are you desperate?  
Yes, I think I'm desperate, what's my best bet?  
On your deathbed?  
Yes, I'm on my last legs. . .  
Then you're desperate

Blaze on me, bird of paradise  
don't be fearful, don't you close your eyes  
oh, sister, keep the hope alive  
we can run before they realise

I'm asking you to heal me

Can you take me away?  
Can you stop with the lies?  
Are you desperate?  
Yes, I think I'm desperate, what's my best bet?  
On your deathbed?  
Yes, I'm on my last legs. . .  
Then you're desperate

Can you take me away?  
Can you stop with the lies?
