## FOREWORD

These nineteen classics for strings have been arranged to meet the growing demand for a third volume of *String Masters*, all arranged for the easy to intermediate grade.

The compositions in this volume have been selected for their programmatic and educational as well as developmental values. The material has also been compiled with the viewpoint of keeping it interesting from the melodic, rhythmic and harmonic outlook, and to instill well-balanced musicianship.

Any combination of parts may be used in study or performance, thus enhancing the value of this collection.

The piano book is optional and may be omitted when a pure string ensemble is desired, or may be used for teaching purposes in rehearsing the ensemble. The parts are nearly all in the first position, except in a few numbers, where the highest position is the third. The collection is also suitable for duet, trio, or quartet using the piano accompaniment.
