## PROGRAM NOTES

*A Jubilant Fanfare* was composed as a graduation present for for a former student and fellow Civil War re-enactor. The title is quite descriptive

of the content of the music and shows the composer's beautiful command of melody.

## PERFORMANCE SUGGESTIONS

A *marcato* march approach will serve the work and your band well. Separate tones with precise articulation, but retain a full, resonant tone without chipping the notes. Do not overplay the louder dynamic levels. Set the last note at your loudest, *best* tone quality, then adjust your other

dynamics from there. This may mean, depending on the experience and maturity of the band, that *fortississimo* may actually be only *mezzo-forte*. This is acceptable if the other dynamic levels are correspondingly softer.
