BASKETBALL INFORMATION

Two teams of five players compete. Each team attempts to throw the ball through its own basket and to prevent the other team from scoring. The winning team scores the most points: "Field Goals" equal 2 points and "Free Throws" equal 1 point.

TENNIS INFORMATION

Tennis is a game played with a racket and ball by 2 teams of singles (1 player each) or doubles (2 players each). The tennis court is rectangular and divided by a low net. The object of the game is to hit the ball over the net and within court boundaries. Points are earned when a player fails to strike the ball or strikes the ball outside court boundaries.
