Thor and Loki from The Hammer of Asgard

David Marlatt

Thor and Loki is the opening movement to the three part suite *The Hammer of Asgard*, an original soundtrack style composition for winds and percussion. Using Norse mythology as the theme, *The Hammer of Asgard* introduces and explores the gods and other characters that make up these famous stories. The other movements to this suite are *the Hall of Valhalla* and the *Battle With the Frost Giants*.

There is an optional narrator part which could be read before the performance of this movement:

Asgard, the Norse kingdom of the gods. Floating high in the sky and connected to the world of humanity by the rainbow bridge Bifrost. It is here that Odin, king of the gods, sits on his throne, overseeing various creatures ranging from giants to dwarfs, from valkyries to humans.

Thor is the god of thunder and the prince of Asgard. With his mighty hammer Mjolnir, he can summon lightning bolts and fly. He is headstrong and bold, and never misses an opportunity to show off.

Loki is Thor's half brother. He is the trickster god and loves to pull pranks on people. You can never be sure whose side he is on and is so unpredictable.
