## The Arranger

Chris Sharp, Ph.D. is a professional composer, arranger and orchestrator currently living in Winter Haven, Florida. Educated at the University of Florida and the University of Miami, he has served the music field in a wide range of capacities. As a trombonist, Dr. Sharp worked as a full-time performing musician and band leader at Walt Disney World for eleven years. In addition, he has served as an arranger/orchestrator for the Disney parks worldwide since 1984, providing music for atmosphere groups, live shows, recording sessions and national television broadcasts. He also has written for numerous freelance clients including Universal Studios, Ringling Brothers and Barnum & Bailey Circus, the Boston Pops, the Dallas Brass and several service bands including the famed USAF Airmen of Note.

Dr. Sharp is an active music educator, with experience teaching at the middle school, high school and college levels. He is currently serving as Director of Bands at Polk State College in Winter Haven where he also teaches music theory, music technology and arranging. Dr. Sharp has served as a clinician and guest conductor on numerous occasions, and has extensive experience as an adjudicator judging for several organizations including Bands of America and Drum Corps International. His compositions and arrangements for concert and jazz band have enjoyed widespread performances, including annual appearances at the Midwest Clinic. He has received the ASCAPPlus award multiple times.

## About the Music

One of the byproducts of the emergence of social networking sites on the internet is the annual appearance of sophisticated, computer-controlled holiday lighting displays set to driving, classical-influenced rock music. Because of these “viral” videos, groups like Mannheim Steamroller and the Trans-Siberian Orchestra have enjoyed even greater popularity during the holiday season. Bring a taste of this aesthetic to your holiday concert with *Christmas Lights*, featuring familiar Christmas carols presented in the classical-rock fusion style that characterizes these groups.

Anchored by the familiar *Ukrainian Carol*, this medley is held together by the recurring quarter note-two eighth notes-quarter note motive from that piece. A deliberate rhythmic ambiguity between triple and duple time feels is accomplished through alternating passages of 3/4 and 6/8 measures. Strive to maintain the “eighth note equals eighth note” relationship between the two time signatures throughout the composition in order to achieve the intended effect. The electric guitar, though not necessary for the performance of the piece, is key to achieving the unique classical-rock fusion that distinguishes this genre.

Be sure to establish good rhythmic communication between the rhythm section elements, and to keep them in tasteful balance with the acoustic elements. Also, take full advantage of the opportunities to stretch the phrase endings in the middle lyrical section for maximum expressivity.
