About the Music

There's nothing like an abandoned old house to stir the imagination...

Spooky Mansion takes you on a forbidden tour of a dark, once grand estate – a dwelling fallen from grace and forgotten by time. Accomplished with just six notes, anxious articulations, daunting dynamics, and spine-chilling sound effects will have everyone on the edge of their seat.

To achieve the desired mood, articulations and dynamics must be consistent from player to player. Because the timed arrival of sound effects is critical to creating suspense, the entire ensemble must be locked into a solid, unwavering beat.

Measures 29-31 present a snippet from Bach's *Tocatta and Fugue in D Minor*. Note that beat one of measure 31 can be played as follows: 1) all play any note, 2) all play lower note, or 3) some play any note while others play lower note. While *Tocatta and Fugue in D Minor* was originally composed for organ, it was later arranged for piano and orchestra. In recent times, it has been used in many films to depict horror and villainy. Listening to recordings of Bach's work will shed some light on the sinister nature of *Spooky Mansion*.

Enjoy your forbidden tour of this abandoned structure. But be careful! No one REALLY knows what evil lurks behind the boarded up windows and creaky staircases.
