PROGRAM NOTE

Fanfare For The Festival Of Lights weaves two traditional Hanukkah melodies into a colorful, rousing celebration! *Ma'oz Tzur*, translated, means “rock of ages”, and hints at the strength of faith felt by the Jewish people when reflecting on the story of Hanukkah. In contrast, *The Dreidel Song* leans into a more playful side of the Hanukkah holiday, referencing a song about an often-played children’s game.

Evan VanDoren writes, “As a young Jewish musician growing up in the United States, I performed an untold number of Christmas selections around the holiday season. Truthfully, I enjoyed them all! The concert band repertoire includes a wealth of masterfully crafted selections composed and arranged from melodies and concepts tied to the Christmas holiday. However, there are decidedly fewer opportunities for young Jewish musicians to perform music derived from their own cultural and religious heritage.”

“My hope is that through creating this brief work, Jewish musicians will have the opportunity to perform music from their background, while all musicians join together in a musical celebration of the joy and awe of the holiday season!”

NOTES TO CONDUCTOR

This composition was created with a diversity of performer skill levels in mind. I hope you find the first parts to be challenging for some of your more proficient performers, and the lower parts more approachable for developing players.

The key to a successful performance is the interpretation of stylistic elements, in particular, the differentiation of a more “fanfare” style found at the start and conclusion of the piece from the more lyrical middle section. Take special care to exaggerate dynamics and embellish phrasing, with careful attention not to allow accompaniment figures to overtake the melody, from a balance perspective.

I wish you and your band a successful performance!
